

# **LIOR™ PUPILLOMETRY**

## **Mission Statement**

**LIOR™ exists to make quantitative pupil assessment accessible to every clinician. We will deliver a reliable, affordable and durable pupillometer that provides objective results at the bedside and in the field.**

**By replacing guesswork with data, LIOR™ supports faster, more accurate decisions in emergencies, critical care and in everyday practice.**

**Our mission is to empower healthcare providers with tools that improve patient outcomes while protecting privacy and ensuring ease of use.**

**The future of pupillary assessment is no longer ahead of us, it is here today with LIOR™.**
